“ *A Tribute To My Precious Father*

Dad I really miss you, never knew you would leave us so suddenly. On the 20th December 2020.. I received a call from my son and we discussed about you. My son told me he was having a strong feeling that you were no more as your cell phone lines were no longer of reach, but I didn't take that serious. The following day which was on the 21st I received a call of confirmation that you were truly dead, which has left my heart shattered till date. you were a good man, you advised me and did your best in order to ensure I was always happy regardless of the fact I haven't seen you in a long period of time. You made various promises to me that you were going to return soon, but little did I know that you meant your departure to meet with your creator. Whenever I spoke to you on the phone you always told me how much you love me, how you intend on making out a better life for I & my brother and most importantly you taught me how to become a strong woman regardless of the circumstances that comes around me...and at the end of each call you never wanted to be the one to hangup on me, you keep telling me goodbye endlessly till I hungup on you . Your joyful, positive spirit was remarkable, along with your acceptance to everyone you knew. You sacrificed your years in doing good for your family, without wanting or expecting anything in return. You are still in memory, a strong, intelligent, dedicated and honest man. You did set an example to others for your honesty and humility. You gave me a name Ibis meaning "Good destiny"and it greatly implies to my success in life today, I truly appreciate that. Daddy I miss you..I really, really, really do. Dad you were the light of this world and you will live forever in our hearts and souls.

Your smile lights my life, and even tho the tears are falling down now, your smile makes me smile.

My angel, I miss you with every breathe I take, you are part of me, part of my soul, part of my heart. It's been 46days since you got back to where you belong-To Heaven.

I miss you and would forever love you my Hero

“ It really hurt to hear of your passing Uncle! For the longest time, I hoped to visit you and see you in the flesh! You were always supportive when I first moved to Canada, sent me money to buy my first laptop and always happy to hear from me. You will surely be missed here on earth by your family and our only consolation is that you are with your heavenly father. Rest in peace till we meet again.

“ I was so privileged to be a part of your life even do I didn't get to see you in reality. I really appreciate the moments we spent together speaking on a video call... You were the only granddad I had and was evenly proud of, but now I have none..smh

Your life achievements are great motivations to me, on a daily basis..
We know you can no longer stay with us,
you fought long and hard to be with us.
We know you now watch over and protect us.
Although we cannot hear your voice or see your smiling face anymore,
We know deep down in our hearts that you have not left us.
Instead every day you surround us with the singing of the birds,
the rising of the sun and the falling of night.
So many broken hearts are left behind,
But in our deepest despair our greatest comfort lies knowing
that you are now at peace with the angels and God.
So as times passes our tears will dry,
our hearts will mend,
but our love for you will never end.
From your Grandson;Mr Victor Williams.
