“ To the family: Wishing you ALL peace to bring you comfort, wishing you courage to face the days ahead and loving memories to forever hold in your hearts. I pray your support system cover you with love and hope in your sorrow. I have know Lorraine since I was 10 years old, we were very close growing up, like sisters. I learned quite a bit in those years, like doing hair, she taught me how to braid. When I left Wisconsin, over the years we continue to connect via phone calls and stayed in touch. My soul grieve with the family, my heart aches and I am deeply sorrowed and dismayed by your loss. Gone far to soon. May she be at peace.

Love,
Tracy Denson

“ I remember the day I met the Lee family. I had just moved into the neighborhood and heard that Helen had daughters. I came to the house and I know Helen was suspicious wondering why this white lady was at her door asking if she had teenage daughters.

When I asked her if she would let her daughters babysit my children her whole demeanor changed. I told her my name is Lorraine and she happily told me that she had a daughter named Lorraine. Helen's attitude changed to warm and friendly and our families became as one that day.

Lorraine, all of Helen's children and my Titus and Diana spent many wonderful days together. I remember going to the park and lakefront enjoying our time together. Those were some of the happiest days of my life and I believe Lorraine thought so too.

The Lees and Wamais did not see each other often in the later years but there is a bond that can never be broken and a love that will last forever.
