“ This goes to my baby sister who I love and will promise to never let her memory die as long as I live. There are so many wonderful memories, there is not enough room to begin to type, however, I can share the numerous times when Alice would introduce me as her baby brother. It was just the satisfaction she had knowing I was younger than her and she was so proud every time her during her introduction of her baby brither. I use to hate that when we was young, but now that she is gone, I was honored to be and always be her baby brother. Alice and I talked on many occassions about life. We watched each other grow into adulthood and continue to be close until her death. Dear Alice, I love you and will forever carry your legacy in my heart. You cannot ever replaced so I will not waste energy trying to fill your void. Goodbye my sister, love you with all my heart, Say hi to Dee and Dad for me and watch over me!
