“ *Barbara was a wonderful and gifted person. I loved working with her at Delphi Automotive. She was always focused and wanted to do the right thing. Her dedication help us tremendously. In addition, she endured the pressures of being the first black female millwright and she handled the pressure so well and served as an inspiration for all. Barbara, we will miss you and look for us all on the other side!###imported-begin###John Danley###imported-end##*
