“ From the first day I met you, you've always made me feel like one of your own. God gave me the honor in knowing you for 18 years. There was never a moment when speaking to you on the phone or in person that you did not say "I love you" before hanging up or leaving. I will miss you dearly, but I carry you in my heart where ever I go. I am content in knowing you are now with God, at peace, and with loved ones we've lost before. I love you "Big Mama" and I will see you again. Love, Kenyata Yata###imported-begin##Kenyata Lindsey###imported-end##
