“ Goodness gracious! My voice recognition software on my phone said "the pizza". I was trying to repeat the words "the peace". Sorry for the mistake. Hopefully it brought a smile to the reader's face. We know Darrell had a brilliant, huge smile!

“ Darrell came across my mind the other day, and so I search online to see if I could find out when he's doing now. I was very taken a back to find he has passed away. Darrell was such a wonderful person and I only knew him for short. Of time having been introduced through mutual friends, but I know that he made a positive impact wherever he went. I have fond memories of him being a very caring person and I am glad to have met and known him for the brief time that I did. My deepest condolences and I hope that you his family are resting in the peace of god the pizza passes all understanding. Blessings, Stacy Owens

“ We were saddened to hear of the departure of our beloved brother. It seemed too short to us, but we rest in the assurance that God knows best. We saw his demonstrated love for his grandmother, Connie, but what we were really witnessing was his love for a true and living God. Rest in peace, Dusty. Until we meet again...

“ "O God, our help in ages past, Our hope in years to be"-Look down upon this present, and see our need of Thee...And keep us gently humble in the greatness of Your love, So someday we are fit to dwell with you in peace above. - Helen Steiner Rice  
I remember Dusty as a very nice, and spiritual young man. His work here is finished, but know that he touched many lives in a very positive way, and now, he can be at peace with the Lord. Mary, know that my love and prayers are with you.

“ I first met Darrell, when Kenny and lisa, was home visiting. We has so much fun, getting to know each other. But It was time for Kenny and lisa to leave. Dusty and I was standing in the middle of the street crying because we didnt want them to leave. When you meet good people you always want to be around them. But my best memory of all is when he sung "I won't complain".

“ I worked with Darrell at IPS for a couple of years and I can describe him as an animated jokster, talented performer with a lot of heart. I coordinated his wedding and remember our long conversations about life, love and the future. I was a bit of a nag but he always took it with a smile!! am truly saddened - and wish his family strength and courage through these difficult times.##imported-begin##Maylin Navarro##imported-end##
