“ I loved Dee she was my best friend...I have nothing but love for Ty and if there is anything you need just let me know. Deanna had a smile that could light a room up. She always put others first. She was the most giving, the most forgiving, the most beautiful genuine person I have ever had the pleasure to know. I will miss you Dee and your good recipes, our long conversations and our nights out whenever we could ditch the men and these kids. I LOVE YOU.
