“ *To Diane mother, & Family*
I am so sorry to hear about your lost. Diane was a good woman. She was a sweet, kind, person. She always wanted to help people. She had a gentle heart with a passive spirit. Diane loved hard. She knew it was time and give up the suffering. She will be truly missed.

Diane I am gonna miss you girl. I can't express the feeling I have for you right now. I thought that you were getting well. I thought that everything that was said was a lie. I will miss you but I know you no longer is suffering. I will release your wings so God can catch you in heaven ... love you!!
