“ *Mr Dwayne,  
when God allowed us to cross each others paths, I felt I had been given another son. You always shared a word of wisdom. It was such a special relationship,I was always reminding you how much Jesus wanted to use you. I thank God because he is still using you, the memories I have in my hearts will never fade away. You will always live because you live in me. Thank you for caring and praying for me in all my sickness. I love you as a son.  
Your spiritual mom,

“ Mr. Dwayne, I don't even know where to begin, but what I will say is that you came in to my life unexpected, and from the little time I shared with you my life had began to take a turn for the better. You told me in many words how I can be a business man and make a life for me and my family. I seen in you a plan for us to build somthing that would grow, it's funny how it's true that you only have one life to live, and how there is a cut of time for everyone. It seems your time has come, we may not understand why, but GOD loves you most and was ready for you to come home. I only wish I could have had more time to spend with you. You are gone but will never be forgotten. I love you Mr. Dwayne###imported-begin##Cortez Mille###imported-end##

“ Hello and so long my good friend! As much as it has pleased God to give you to this world, it also pleases him to call you home. Though we may not understand all or any of God,s decisions, this one thing I do know, he is in control! All who knew you will be sad and void of a great friend, especially me. I thank the Lord we had many rounds of golf and moments together, but you know that. What was special is oir last round together, as you shared your clubs with me. You never stop teaching and protecting me from rude and insensitive people. I always said it was because you were tall and handsome, and I was short. BUT WE BOTH KNOW IT WAS BECAUSE WE WERE FRIENDS. You are truly missed. I send all my prayers and love to your entire family. PS: Let me know when you get a hole in one:- Gibraltar Rocky White###imported-begin##Gibraltar RockyWhite###imported-end##
