“ Ernest most likely never knew how many lives he touched. I as an ex employee having worked with Ernie for over 15 years always looked forward to our daily interaction. Within a few years of having left The Marek Group we were re-united providing services for The Marek Group with Ernie delivering the product. The employees at my new company always looked forward to his arrival and the verbal sparring that took place between myself and Ernie. He was a good man and someone who was taken far too early and will be missed dearly.
