“ *My Dear brother, love you, think about you all the time when I am exercising you were a great Physical Ed teacher for over 30 years with MPS. Today will be 11 years you left this earthly life, praying you are resting in the Arms of Jesus, in his divine kingdom walking the streets of gold.*

*Love your Sis, Willa*

**Willa Scott** - July 05, 2020 at 04:24 PM

“ *Dear Scott,*

*May there be a measure of comfort and peace in remembering the good times you had with Scottie. I have known Scottie and we always had great times together. He was a lot of fun and helped me with a lot of issues. He was wise beyond his years. He had a kindness about him that would make one immediately feel comfortable around him. I know I did. I really did appreciate him as a friend and now regret not having kept in touch with you more often.*

*My prayers will be with you all.##imported-begin##Ann

“ I attended Custer High School and Carthage College with Ernie. He was a good friend. He was just a joy to hung out with and we shared alot of great times at Custer and Carthage. Every reunion we had for Custer and Carthage I hoped to see Ernie. I even tried calling for our 25th Custer reunion to encourage him to attend...but I never talked to him in person. I send my sympathy at this difficult time to his family.
