“ My name is Mike Wright aka "bird" as a young child I spent a lot of time with uncle Frank as i knew him and he was always laughing and making sure that we were all taken care of, he had his own large family but he never neglected to make sure that me and my two brothers were taken care of too, at every family event. I remember those long adventurous rides from Chicago to tn in the back of his station wagon were the highlight of our year. The last time I saw him I reached out to shake his hand and he pulled me in for a hug and told me that he was proud of the man I had become, that ment a lot to me. He's also helped my mom Patricia Wright deal with three hard headed boys. I miss you unc.
