“ I am beside myself....at a loss for words. Where do I begin....  
I was a Medical Assistant at St Marys Family Practice clinic in  
Milwaukee from 1990-1994. During that time, I got to know many  
patients. Some of whom became very close. One of those dear  
friends was Hattie. She would come in the clinic and only want "My  
Diane". (Diana--though to her, I was Diane. I was ok with that.) We  
shared a bond. We shared many memories. I can still see her in her  
long coats and matching gloves, scarves, etc. I adored her. I  
became a nurse, got married, started a family shortly after leaving  
St Marys. Over the years, I have thought about Hattie...where she  
was...was she ok...and how I'd love find her and spend time with  
her. Well, today I Googled her name while sitting here, about a mile  
from that old clinic location. Not to mention, a day after her birthday!  
(5/6/18) She was on my mind. When her Obit popped up, my heart  
ached. My dear Hattie. She's already gone to be with our Lord. So,  
today I want to say to you, her family....thank you. Thank you for  
loving Hattie and I also want you to know how much she meant to  
me. She gave me strength and showed me love during those years  
(some of the most difficult years)of my life. May God be holding her  
close. God bless you and give you peace.

Respectfully,

Diana Joy
