“ James was like an uncle to me, he was family. He was an only child and he enjoyed my families company. He always knew that a home cooked southern meal was waiting with a dessert to follow. He would often talk about the bible or how it was back in the days when he, my parents and uncles grew-up. He would let you know that he didn't eat everyone's cooking. He was able to fit right into our families dynastic and is truly loved by us all. We missed seeing him over the past years, but we knew how to contact him if needed. Just look for the big tree planted out front. He was so full of life and energy.

We sometimes referred to him as the "Energizer Bunny" he had a laugh that was infectious. He always kept us informed about his son, James accomplishments. Starting with Jackie Robinson Middle School, John Marshall High School, Marquette College and The Journal Sentinel. He shared all the news articles about his son, in which we still have some of them. He talked about his loving wife of many years and their devotion to one another. When we met his Mother, we all knew where he received his kind and caring heart from.

James would give us the shirt off of his back if needed and we would do the same for him. And that's why he enjoyed coming over, because we didn't need the shirt off of his back. Our family bond with him was unique, he passed on his knowledge for life. He was a man of God and our family really enjoyed him coming to visit and spend time with us. James you finally hit the jack-pot of "Heaven". Rest In Heaven James and thank you for being a part of our family.

Love Always,

The Gray and Harper Family
