“ *To Jan Gay's Family:
Jan was a loving and caring individual who not only worked with speech and language delayed students in MPS but she also was a leader and a manager of the 185 Speech Pathologist who served the students in our Milwaukee community. She was kind, insightful, and always took the time to see how her staff was doing. She struggled through numerous medical ailments but she always had a smile and a soft-spoken word for anyone she encountered. Jan will be missed but hopefully she is with the Lord at His side and is at rest and at peace. My thoughts and prayers are with all of her family. I hope she is smiling and looking down on all of us and reminding all of us to carry on her kindness.*

*Rest in peace,

I knew Jan in college when we were two of seven in our major and throughout many years as MPS speech pathologists. Eventually, she became my boss! Jan was a lovely person and I am very sorry to hear of her passing. I remember her fondly.

Janice was a favorite cousin of mine who spent weekends with our family always remembering to bring sodas, candy & potato chips from her father's grocery store. I looked forward to her stories, sweet smile & the special sound of her laughter thought out the holiday years also. I will forever remember & miss the sound of her laughter.

In loving memory, Phyllis

I am so sorry to hear of Jan's passing. As an MPS colleague for many years, I experienced her caring approach toward mentoring new speech pathologists and administering a large special education department with grace, skill, and compassion for her staff and the students affected by her/their decisions.

My condolences to the family for their loss.

When I think of Janice, she reminds me of the good times with funny stories at the dinner table, holiday gatherings, family reunions, and a loving relationship between she and her brother. My cousin was a sweet person. She will be missed, but missed with a smile. Thanks for being a large part of beautiful memories Janice.
