“Granny in my book is still regarded as a wealth of knowledge and grand experiences about the world. She always talked about the importance of education and how she dearly appreciated all the experiences and people she met throughout the years. Granny was of great influence and a wonderful support throughout the years. From her stories, lotions/make-up, kind regards, to her warm embrace, she will be missed. &ndash;Jennifer##imported-begin##Jennifer Sharpe##imported-end##
