“ Big Daddy I miss all those weekends we spent at your house. you were more than a grandfather to us. you were more like a father. you taught me so much about life and how to treat people. you were such a role model in my life. I don't think I would be the person I am today if not for you. I miss those fishing trips we went on, just another way of being close and more life lessons. I know you didn't think I was listening, but I was. I'm really missing you right now and wish we could have had more time together. but I know I will see you again. with much love. RIP. I love you. your granddaughter Niecy
