“ You gave me something a lot of people never had. You were my Mom and my Dad! You stepped up when most would have ran away. You sacrificed it all for me. You made me your entire life, your main focus at all times. It was always just me and my Daddy❤️ You taught me the true definition of a Man. If no one else could do it, I knew my Daddy can. You were a real life Superhero to me. A Man with such might, intelligence, dignity, and wisdom beyond belief. You were my 1st Love. I’m probably single now because I compare them all to you.. and that’s definitely a big shoe.. there will always and forever only be One You. I listened to how highly everyone spoke about you, and it made me so proud to be a reflection of you. You were truly an amazing, beautiful man. Everything you did, you did with so much conviction and you always stood tall, you walked in your truth through it all. You Had a ❤️ of Gold. Even after the 1st stroke broke you down, I still saw the Man who was strong and fearless. At that time is when I knew I had to do for you as I knew you would do for me, because this is how it’s supposed to be. This last one, was the final say. After I battled with my own selfishness, I accepted Gods will and way. I know you knew I loved you, if you knew nothing else.. I know for sure you knew that! I can still hear your voice, I sometimes watch our videos and yes I cry, it hurts Daddy it really does I won’t lie BUT One thing I will never do is Ask God why. Heaven needed another Angel .. and that Angel was you ❤️ I love you selflessly for forever and a day. I’ll see you again Daddy, save me a seat🙏🙏 #Daddy’sGirl4life❤️❤️❤️😭
