“ My memories of my Grandmother, Louise Kirk are all great. She was a one of a kind person and personality. Louise embodied honest, integrity, faithfulness and loyalty. If you ever needed advice or wanted to do some soul searching, Louise was the person to talk to. She was straight forward and always told you what you needed to hear. I loved talking to her and getting her perspective on life, as well as past and present events. I learned more from her than any text book or class. She was full of knowledge, experience, wisdom and history.

*Louise had an impact on everyone who came in contact with her. One conversation and you were hooked. She had a way of keeping you engaged. I remember her always asking me how I was doing and I would respond fine. Midway through our conversation I was sharing thoughts with her that I may have been suppressing. She would get the truth out of me and then give me solutions to consider. This was her gift.*

*Louise believed in living life to the fullest. When I was young my sisters, Aretha and Kiba and my brother, Roger and I would visit her on the weekends and in the summer. She always had events planned for us. We would go to the movies, park, museum, zoo, a play, shopping or something inspiring. She exposed us to many different things; as she would say, "I am giving you culture".*

*Louise was the backbone of our family. She raised and guided all of us in some way. Over the years she supported and helped everyone in the family grow. Louise would open up her house and heart to you if she saw you really needed help. She was an angel and I pray that I can be half the person that she was.*

*Louise,*

*I love and miss you. You will be in my heart forever. I will do my best to continue your legacy.*
