“ *Some of my best memories was being with my Aunt when I was a little boy. She would give me the best lunches at her house and had a couch pillow (in the form of a dog) that was named Topaz! As a child this was my favorite thing to play with at her house. He didn't bark, bite, an didn't need to be fed. It was also hilarious to be around her as she listened to Tyrone Davis and danced. In my older years, I realized how she loved hear the Bible read, so I would stop by and read a scripture or two. I will miss her, but have buried treasured memories for safe keeping in my soul. Condolences to my cousins Cornelius Hall, Keisha Hall, and my Aunt Murether (her twin) and Alvin her brother. Condolences to all my cousins who will feel the loss as well. May the peace of God be with you and lets be thankful to have the privilege to have had her be part of our lives. - Phillipians 4:6,7.*
