“ I would like to extend my sympathies to the family of Matthew Harrell. Of course, I always knew him as "Mr. Lock". He was a kind and generous man. To me, he always extended his kind spirit and the expertise of his craft.

*I am saddened by his passing. When he reached the gates of heaven, he didn't have to use his skills to open the gates thereof. The gates were open and welcomed his spirit. I will cherish his memory, and I'm thankful for having known him. He was a good man.*##imported-begin##Peter Bentz##imported-end##
