“ so I am back again I am the daughter of the kind hearted mother odeanna Burton I really miss her it was us against the world and I remember one day I'm sister came in my room and told me " go talk to momma because you will never know when you say the last thing to her " and it hurt me because why would she say that but what she said came true and I remember the day before she died we had a really good conversation and the next day when I woke up she was gone it really hurted me because that was the last time hugged her but all i can do now is just hurt , cry , be defensive for myself , and keep quiet about the things everybody says

i miss my mom she taught me to do things i thought i could never be able to accomplish she gave me the gift of life when I got tired of dance she pushed me to be the best i can be so I don't only owe her what she couldn't do for me I owe her my life she did everything she could for me while battling for her life and it hurts but lets just take a moment to remember our friend aunt sister niece grandmother and a great mother odeanna.

“ I remember Odeanna as one of my students many years ago. She was always focused, took genuine interest in learning, and had a kind hearted spirit. I am saddened by her loss and send my condolences to the family. My prayer to the family - God, Bring this family peace. Provide them with your comfort. Let them know you tenderly care for each and every one of them. Lead them to be reunited with their loved one some day.
