“ I was so grateful to work with Ron, he had an amazing passion to help others in his journey while he was here with us and always encouraged me to remain teachable. I learned so much from him not only as his colleague but first and foremost as a child of GOD. I will always remember him with great respect and honor.

“ Ron thank you so much for helping me with my addiction, with out your help I honestly could have not done it, even when I relapsed you were there to encourage me and not put me done. I will always remeber you, your tough but caring attitude you always knew how to push my buttons thwn you would laugh. Till we meet again my friend.

“ I had the distinct pleasure of working side by side with Ron for many years. He was a critical member of our treatment team and helped so many people suffering from the ravages of drug addiction. He always kept, “things real” and his no nonsense counseling approach helped so many people that had historically struggled to get into and stay in recovery.

Although dedicated and serious about his work Ron brought comic relief into our day and often put smiles on our faces. I really enjoyed the 5:15 AM music trivia sessions where Ron would walk around singing classic songs and stay at it until someone figured the song out.

Ron was a humble man and dedicated his life to helping others on earth. I trust he will be rewarded in heaven and undoubtedly the seeds of change he planted on earth will continue to grow in many of us he touched.

May God bless his sole and offer spiritual healing to Ron’s family and friends that are grieving his passing.
