“ *My most memorable moments of my aunt is when she would always come back home to Mississippi. She would fish, cook, and tell jokes. She left her country life in Mississippi a long time ago. But she always loved coming home and we all loved to see her come. I can remember the big wide smile my daddy would always have on his face when he saw his sister walk through the door.##imported-begin##Billie M. Jamison##imported-end##*
