“ Like A Tree

*The roots of a tree which
are nourished by the water are firmly grounded in the soil.*

The color of the leaves which changes even while we toil.

*The gentle breeze that blows in the air, creates a shade where we
rest, yes right there.*

*Now all that's missing is you, to fill the void in our hearts since
you've been gone.*

We know it's selfish, and we will move on.

*For now, this moment in time we just want to say, you have been
the greatest blessing in so many ways.*

Always in our mind, but forever in our hearts.

Love ,
