“ Although I haven't seen you often, we will always love you grandma! I know we'll see you again because you were such a sweet woman. Very kind, cool, generous, and beautiful soul. I think back to all the times we shared and shared as a family and i will never forget those times. I haven't spoken to you since the last time i stopped by to check in and to bring you your favorite boston baked beans and cantaloupe but I always had a soft spot for you and thought about you because of the woman you were. Always buying us clothes from kohl's or giving us money to go to the corner store or cooking that really good spaghetti you perfected or even just asking about me if you haven't spoken to me in a while. It was all appreciated and so are you. You raised and taught us well and also raised wonderful children of your own. Thank you for those moments and thank you for being such a loving grandmother. Forever in our hearts, love you always-Kaelin
