“*Steph, my girl, my friend, you left us way too soon! I never got the chance to tell you how much you mean to me! Who would've thought you and I would become so close? People may have seen us as opposites, but we were very much a like. We both loved to hate work, but still we showed up each day for each other. We just wanted to do our jobs and forget all the other B.S. that came with it. The Voice and Forensic Files two of our favorite shows. I don't think we ever went thru the McDonalds drive thru with-out some kind of incident! We just laughed them off as if it was just us together that caused them to screw up something one way or another. Some of our funniest moments can't even be mentioned here, and you know what I'm talking about. That really says it all, only we know! I'm so blessed, lucky, and extremely grateful to have had you in my life! Trust worthy, caring, and funny have always been your greatest qualities! I know you were looking forward to your trip to Mississippi, and you wanted to definitely get to Vegas this year. Your dreams , your hopes we shared them all. I wish your family the strength and love to get through this. I will miss you.*

Cindi, every word you shared is exact. Steph you helped me through so many crappy days when we worked together at Charter. You always made me laugh and feel better through it all. All we had to do was look at each other and we both knew exactly what the both of us were thinking when others were trying to climb that Corporate ladder. I have such regret not being able to work with you the last few weeks of my employment at Charter. One of the last times we talked I shared with you that God had bigger plans for me and he did I'm happy to say. You meant a great deal to me Steph. I always had your back and i know you had mine. Never goodbye my dear friend, only until we meet again. Love and prayers to you Steph and your family.
