“ Titus was always a nice and respectful guy . Always had a smile on his face, love to rap and cook his butt off. Kind of lost contact as the years went on but I’m truly saddened to be hearing about his death just now . Life is to short . Rest In Peace

“ Titus I will remember you for your smile and sence of humor. You were always the life of the party! The last few years we rarely seen each other but when we did it felt like not a day went by. You always gave out huge hugs and treated everyone you came in contact with like family. You will be missed.

“ Titus will always be a great man to me. His smile and caring heart are unmatched by most. He worked hard and did what he could to be a provider to me and the boys. He loved the throw the football and play Madden with Tay and Tre...and he could cook his butt off. Once I moved to SC, there would be days he would call to tell me about a new recipe he tried out or rap lyrics that popped in his head. He had a sense of humor that would make you smile even though you were mad and he was pretty fearless. May you rest pain free my Ty.

JA

“ I remember going on a all night boat fishing trip with Titus. We fished hard and drank even harder all night and didn't catch nothing until morning. The next afternoon when we pulled up to the dock Titus started to get off the boat but we were still pretty lit and with one foot on the dock and one still on the boat and tackle box and poles in hand the boat started moving away from the dock and his legs got further apart well he hit the water face first between the boat and the dock but he didn't lose his poles or any tackle and we laughed at that for years Titus was a great dude and even better friend who I will truly miss. Love you man!!!
